Rick Searfoss, Colonel, USAF Retired
Astronaut/Space Shuttle Mission Commander

Dear Rick:

Thank you very much for speaking at our recent Bank of America conference. As the individual responsible for identifying a speaker who would be not only interesting but also pertinent, I was quite impressed with how skillfully you translated your experience commanding a space shuttle mission to the leadership and team challenges we routinely face in the business world.

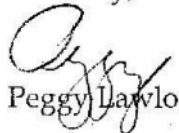

I appreciate your extensive and effective efforts to learn the details of our business to ensure that your presentation resonated with our group.

The feedback was phenomenal. Attendees commented how well you tailored your remarks to enhance the theme and content of our meeting. Your focus on our goals as a team and as an organization made for a powerful, value-added presentation.

The combination of dynamic presentation skills, the dazzling imagery of space and practical messages both motivated and inspired.

Thank you again for your contribution to the success of our event.

Sincerely,

Peggy Lawlor
